#### ATTENTION.

The Fourth Liberty Loan is on. The cost of advertising to make it an overwhelming success will be enormous. The Council of National Defense has called upon the schools of Rockcastle County for aid.

Mt. Vernon Graded School must do its part, therefore, a miscellaneous sale of farm products, especially, will be held on Thursday evening, Oct. 3, 1918 at the Graded School Building at 8 o'clock.

This sale, however, will not be confined to farm products alone, but to any salable article such as needlework, cake, pies, canned fruit and vegetables.

There will be a special program including community singing and band music. Every patron is urged to come and bring some donation. Consider it a privilege and a patriotic duty.

#### SLACKER LAWYERS FACING TROUBLE

Attorneys Who Fail To Aid Registrants In Filling Out Questionnaires Will Be Investigated.

Attorneys of Louisville failing to comply with provisions of the selective service law and regulations, requiring them to aid registrants in filling out questionnaires, have been cited to appear before the Legal Advisory Board for Jefferson County to show cause for their failure to appear at the Courthouse as requested by the board.

The new selective service law makes it the duty of attorneys to assist registrants in properly answering their questionnaires.

The Legal Advisory Board for Jefferson County prepared a schedule for local attorneys, assigning each one to service at certain hours on certain days during the week.

According to members of the board, most of the local attorneys responded to the call promptly; however, there were a few who failed. It was explained by a member of the board that it was hardly fair for a few lawyers to report for duty promptly and others fail to come on time and while from 500 to 600 registrants were standing in line waiting.

In the event that attorneys cited to appear before the board fail to give satisfactory reasons for not appearing, it was stated their names, with information, will be turned over to the district attorney for further investigation and possibly prosecution. The board declined to make public, for the present, the names of attorneys failing to respond Louisville Herald.

#### There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

### Come Home to Real Heat and Big Fuel Economy

What a satisfaction to get next to *real* heat after that cold trip home. No more fruitless hugging a radiator. High fuel prices seal the doom of extravagant, fuel wasting heating plants. If you want a perfectly heated home and greatly reduced fuel bills you will invest in

## Cole's Original Hot Blast Heater

BURNS CHEAPEST COAL CLEAN AND BRIGHT. USES ANY FUEL.

It will save the nation millions in fuel money this winter. Act now.

### COUNCIL OF NATIONAL DEFENSE

The man who leaves his car in the garage Sunday and joyrides to make up during the week is only obeying the letter of the rule of the Fuel Administration and shows no patriotism. He is a slacker and a law dogger, and is flirting with the danger of having to take license or have gasoline furnished him on order only, just like the sweet tooth fellow gets his sugar.

The call for labor at Camp Knox near Louisville is urgent. If you can use a saw and hammer, or if you can learn easily, and your business is such that you could accept a job, you will be paid good wages, and at the same time be helping Uncle Sam fight for liberty.

Permission has been granted any one to use a car burning gasoline on Sunday, September 28 to attend Fourth Liberty Loan meetings, or work in promoting this campaign. A strict checkup will be made in Rockcastle County to see that no one abuses this privilege by using cars for other purposes. But the importance of promoting the Fourth Liberty Loan is such that any one using a car for this purpose will not be violating the rules governing the conservation of gasoline.

We are all in this army, the line up leaves no middle ground. We are helping Allies or helping the Teutons. If we are producing more food than we can consume, we are helping some for the soldier boy who is not in agricultural vocation. If we give of our means to Red Cross, Y. M. C. A. or any war relief work, we are helping the allies and showing our benevolence at a time when it will do the most good. If we buy Liberty Bonds, we will enable our boys to mop up the Hun, and march back home happy with the great victory ever achieved. But if we consume more than we produce, we are a burden to this Country and help the Germans. If we fail to respond to the call of charity, our sons will suffer

and the Boer will profit thereby. If we fail to buy bonds our army cannot have artillery, ammunition and aeroplanes which places us at great disadvantages. Which will we do?

### RED CROSS NOTES.

Miss Grace Griffin, of Mt. Vernon, who is teaching school at Cruise Ridge sent in \$26.85 the proceeds of a box supper at her school. This offering is very much appreciated by this chapter and the effect of that evening's good work will be felt by the boys "over there."

Remember "The Crusaders" will be on the screen at Boone Way October 1st. This great show is worth coming to see. Its equal has never been shown in this section of the state. The Government had it made for our instruction under the auspices of the Red Cross.

Calls for help from Red Cross Chapters come fast now. If you think seriously of what one worn garment from each family would mean to suffering Belgium this winter, you would sure find

something to donate to this call for cast off garments.

If you knew that 5 pounds of hickory nut shells would save your boy's life, you would find them. It is possible for them to do; read last week's Signal and bring in what you can.

### CHAMBERLAIN'S COUGH REMEDY.

This is not only one of the best and most efficient medicines for coughs, colds, croup and whooping cough, but it is also pleasant to take, which is important when a medicine must be given to young children. Chamberlain's Cough Remedy has been in use for many years and has met with much favor wherever its good qualities have become known. Many mothers have given it their unqualified endorsement. Wm. Scoby, Chillicothe, Mo., writes, "I have raised three children, have always used Chamberlain's Cough Remedy and found it to be the best for cough, colds and croup. It is pleasant to take. Both adults and children like it. My wife and I have always felt safe from croup with it in the house." Chamberlain's Cough Remedy contains no opium or other narcotic.

### AMERICA'S COMING OF AGE

By DR. FRANK CRANE

America is coming of age.

Her hundred years of democracy have been but the preparation for her manhood.

It is a cheap jibe to say that America was unprepared for this war. It has had the mightiest preparation in the history of nations, for over a century. Destiny has been preparing in this New World a spirit of triumphant Democracy. Such a spirit cannot be made. It must be grown, inbred.

On the Western Continent Destiny has been training the young Calahad for the rescue of the world.

Nature has an antidote for every poison. American Democracy is the antidote for German Autocracy.

Every one of our wars has been for the same purpose; to liberate the common man.

The resolution of 1776 was to get the privileged class of England off the backs of the American Colonists who were redeeming this wilderness.

The war of 1812 was to rescue American seamen from oppression.

The Mexican War was to liberate the settlers of Texas from the whimsy cruelty of Mexico.

The Spanish War was to save the people from the tyranny of the Spanish government.

Every time our army and navy have gone forth it has been to clean up some filthy autocracy.

But all of our wars have been but a preparation for our present task. We did not realize it. No man foresees his Destiny, no nation foresees its mission. Yet the life of every nation, and of every man, is a plan of God.

God has been piling up riches on this continent until we are the wealthiest nation in the world. He has been sharpening our inventive skill and our business ability. Our training has been intensive.

Now God says, "America, you are come of age. All I have done for you is to prepare you for the present conflict, for your real work. Go forth and make the world a decent place to live in."

At this time every son of America is called upon to do his utmost. The slacker is a traitor.

We are sending men across the ocean, men who are physically and mentally the pick of the world, an incomparable army. But the men at home must back them up.

It is as much our solemn duty to put our money into the Fourth Liberty Loan as it is the duty of the soldier to stand firm at his post in battle.

This Fourth Liberty Loan is to be our supreme effort. God helping us, we shall not be found wanting. Let us subscribe all we can, and a little more.

America, Civilization, Democracy, Humanity expect every man to do his duty.

### SHOW ME.

It is said that people of Missouri are very skeptical and when they heard stories told of great achievements they questioned it, if not shown.

The United States Government in offering the Fourth Liberty Loan has called the hand of every American. There are very few people who have not expressed themselves as loyal. Expressions will not win this war. If predictions in this country would have won it would have been over the first month that this country took any active part, but the best student of war conditions is still unwilling to predict the closing of the war inside of two years. Many think it will be much longer. Germany is going to lose, but the question that confronts us is when.

The Government is saying to every man with sufficient money to buy bonds and show your loyalty. The soldiers in the trenches and going over the top in No Man's Land into an inferno of shot and shell, and charging through poisonous gas are saying to us "show me." If you are an American citizen, you are a part of this army, and every other American citizen is watching you, and wants you to show whether you are for our Nation or for the Tonic Allies, so let the watchword for this campaign be "Carry On and Show Me."

### LETTER FROM FRANCE.

I am in the nicest hospital you ever saw. Have good attention and plenty to eat. Well, I have never had any mail from home since I have been over here. Guess I will get some mail when I get back to my company. I will write you all ever chance I have whether I get any mail or not. I know you all have written me. There are boys here that have been over here longer than I have who have never had any mail from the old U. S. Well, Hugh, tell everybody hello for me. You boys all be good. Once more tell mama not to be uneasy and worry herself about me. I am alright. France certainly is a pretty country, and the people are nice and kind to us American boys. Will have lots to tell you when I get home. Give my regards to everybody. There are so many of my friends I can't name them all. From your brother,

### War Trophy Trains to Push Liberty Bonds

BOOTY TAKEN FROM HUN WILL BE EXHIBITED IN THIS DISTRICT.

Thousands of residents of the Fourth Federal Reserve District are to have a chance in the next three or four weeks to take in their own hands and inspect helmets which have been taken from German fighters, rifles captured by our Yanks and their allies on the battlefields of Europe and other war trophies which have been shipped to this country by General Pershing and the commanders of the British, French and Italian armies.

The trophies will be aboard two Uncle Sam War Trophy Trains which will tour the district stopping for two hours at an average of four towns a day. The Central Liberty Loan Committee at Cleveland and the Railroad Administration are responsible for the trains.

Ralph Stickle.

With each train will be a detail of United States soldiers assigned by the War Department, a corps of Liberty Bond salesmen, and prominent speakers.

Each train will carry three carloads of trophies and exhibits and a sleeper for the guard of soldiers, salesmen and speakers. One of the trains will be in charge of Ralph Stickle, Cleveland traction counsel and former journalist. Complete equipments used by Americans, Canadians, British, French and Italian soldiers will be on the trains. There will also be anti-aircraft guns, depth bombs used in submarine hunts, aerial bombs such as are dropped on the cities along the Rhine in retaliation for the bombardment of Paris and the bombing of London by the Hun, captured German field pieces and rifles taken by our boys at Chateau Thierry and Castigny and complete sets of the decorations awarded for bravery to the soldiers by the different nations in the war. The German decorations have been taken from the breasts of captured Germans.

Arrangements are being made to have for great crowds at the sidings on the towns where the trains will make stops. It was, of course, impossible for the trains to reach every locality in three weeks but they were routed so as to come close to almost every town in the district. They will be well worth driving or riding forty or fifty miles to see.

Listen to the "air raid alarm" siren. Each train will be equipped with one of the sirens which is blown in the European cities when the Hun is coming with his bombing planes.

### FOR A WEAK STOMACH.

The great relief afforded by Chamberlain's Tablets in a multitude of cases has fully proven the great value of this preparation for a weak stomach and impaired digestion. In many cases this relief has become permanent and the sufferers have been completely restored to health.

### Let's Go!

FROM FRANCE.

Sept 5th.

Dear Father:

Well, I am on a vacation, several hundred miles, down in the Alps, and having a fine time. It is very quiet here to what I have been having. Where I was it was very noisy at times, lots of shell and shrapnel, but I have been lucky so far. Am going back next week.

I stopped in Paris but Mr. Gentry was gone. I did not see him. I will look for him when I go back to the lines. Paris is sure a wonderful city. I visited lots of the old places. Will send you some of the pictures later on.

I hope you are all well. I am well and feeling fine. I am staying at a nice French hotel just at the foot of Mt. Renard. I can see the mountains in Switzerland and Italy. I can see for miles around. There is snow on the mountains and down where I am it is very hot. The Y. M. C. A. is doing a great work here. They make everything just as nice as possible, picnics, swimming in Lake Bourget and visiting all the points of interest.

Well I will write again as soon as I get back to my station.

Write soon,

Elijah L. Scott,  
Headquarters Co.,

It is now ordered by the court that a poll be opened in said voting Precinct at the next general election to be held on the 5th day of November, 1918, for the purpose of ascertaining the will of the voters of said voting Precinct upon said question.

OUR boys who have gone to the navy are constantly on the alert for the submarines which menace their army comrades on the long trips across the Atlantic.

One \$100 Liberty Bond and one \$50 Liberty Bond will equip an enlisted man in the navy for one year. Or the same two bonds will feed him for a year.

### Cards From Boys Will Urge Buying of Bonds

Ten million sets of post cards—five in a set—have been sent to Europe by the War Loan Organization at Washington to be distributed among the boys of the American Expeditionary Forces.

By this time they probably have been put in the hands of the boys over there and some are probably on their way back to this country.

Each card bears a message from the boy to the home folks urging the home folks to invest in Liberty Bonds.

The cards bear photographs of tanks, guns, ammunition, etc.—things which the boys need and which the home folks' money will buy. The cards will be coming back soon in large numbers. Ohio and Kentucky and West Virginia and Pennsylvania will be receiving their share of them.

### Brother, Buy Another!

Brother, buy another bond!  
It will help to pave the way  
For the boys who've gone beyond  
The Atlantic to the fray.  
Do not falter. Do not say  
You have done enough, my brother.  
Buy another bond today—  
And another—AND ANOTHER!

What a blessed chance is yours  
Thus to do your humble part  
For the Freedom that endures  
Deep in every Yankee's heart!  
Give this Loan a rousing start  
With your glad subscription, brother.  
Every dollar is a Dart!  
Buy a bond—AND BUY ANOTHER!  
—William F. Kirk.

### WHERE LIBERTY BOND FUNDS GO

ONE FIVE HUNDRED DOLLAR BOND WILL BUY:  
Steel helmets for a company of infantry, or  
Five hundred overseas caps, or  
Pay the cost of drafting one hundred men.

"Let your dollars be the ships that will bring the boys home again—buy Liberty Bonds!"

Smother the Kaiser in Liberty Bonds.

### GOOD FOR BILIOUSNESS.

### You Can't Eat Meat 100 Miles Away

Preparing meat is only a part of Swift & Company's usefulness.

The finest meat in the world wouldn't do you any good one hundred miles away from your table.

Swift & Company efficiency has made it possible to place complete lines of products in the smallest and most remote communities.

To be sure the work is done well Swift & Company, through its branch houses and car routes, brings the meat to the retail dealer for you.

Swift & Company lays out car routes covering towns—big, little, medium size—which are not served by a Swift branch house.

Salesmen find out in advance what is wanted by the dealers in every town.

They are followed by refrigerator cars loaded with retailers' orders, which are delivered at each town—fresh, clean, and sweet—once or twice each week.

Swift & Company operates a large number of car routes like this, from fourteen distributing plants.

This is a necessary and natural part of the packers' usefulness. It fits into the industry in an orderly, effective way. It makes better meat cheaper from one end of the land to the other.

J. L. Bullock, teacher of Gum Spring school requests us to say that there will be a pie supper at his school house given by himself and the pupils of his district, one week from tonight.

C. A. Davis bought of John D. Henderson, four three-months-old shoats, weight 105 lbs. each, for which he paid \$63. This proves that it pays to have good stock. They are the Ducons.

The casualty list from the Western front for yesterday announced that Private Troy Rich, of Boone, this county, had been severely wounded. Corporal Logan L. Price, of Junction City was also severely wounded.

Mrs. Charlie Spoonamore, of the Rose Hill section found the pocketbook lost a few days ago by J. Fish containing about \$550. She lost no time in bringing it in and it certainly showed that she was an honest woman and is to be commended for this deed.

CARD OF THANKS: In behalf of the school, the faculty students and all interested here and elsewhere, I wish to express to the people and those especially who worked so faithfully and saved our buildings from the fire on last Tuesday evening.

ANNA BELLE STEWART, Principal Langdon Memorial.

Everett Mullins, son of Judge and Mrs. Cam Mullins, who has been with the L. & N. at Covington for six months has been promoted and is now checking trains that go over the bridge to Cincinnati and getting \$103 per month for eight hours work. Everett is making good and is attending a business school at night.

Mr. and Mrs. Layton Kirby, of Climax, this county, received a message from the War Department last week stating that their son, Everett Kirby, had been killed on the battlefield in France. ## CROSS TIES.

Sept. 20, 1918, Louisville, Ky. The Regional Purchasing Committee of the United States Railroad Administration has requested that we notify the citizens of this community of the fact that they stand ready to accept all cross ties and to pay for them immediately upon inspection.

In keeping up all Railroads is necessary in order to safely move our troops and the supplies which are being handled for them, which really makes it a patriotic duty, to make an earnest effort to increase the cross tie production.

The specifications have been prepared by the Railroad Administration who have also fixed a price for each size of tie and each kind of timber.

Mr. O. T. O'Bannon, of Guthrie, Ky., has been appointed Cross Tie Inspector for this territory. He will purchase ties for use on all Railroads under the jurisdiction of United States Railroad Administration and many ties purchased in the south are for the use of Northern Railroads.

If any party who has timber to cut into cross ties will communicate with Mr. O'Bannon, he will be glad to advise fully in regard to prices, inspection, etc.

## DIARRHOEA IN CHILDREN

For diarrhoea in children one year old or older you will find nothing better than Chamberlain's Colic and Diarrhoea Remedy, followed by a dose of castor oil. It should be kept at hand and given as soon as the first unnatural looseness of the bowels appears.

The fire alarm was sounded about 7 o'clock Tuesday evening for the first time in many months. The fire was at Langdon Memorial and it seemed that the entire population of the town was soon on the grounds everybody doing or trying to do "his bit". The fire had started in one of the closets from some unknown cause and was getting under pretty good headway when discovered. Our ever faithful bucket brigade was soon at work and the fire which threatened the destruction of Langdon Memorial was soon under control. The loss of this school building would no doubt mean the loss to Mt. Vernon of this great school, as it would in all probability never be rebuilt, which many people knew and for that reason the anxiety felt by many was greater than any other fire that might come. We are glad to say that although the loss will amount to something like \$500, that the repairs will soon be made and that the school work is moving right along as though nothing had happened.

Mr. Latham was suffering from intermittent fever but was not confined to his bed. A few hours before his death he walked about the room. He suffered a severe chill and never revived. The deceased was a splendid citizen and successful business man and farmer.

A common mistake is to permit the sow to travel over rough ground in search of her food, such as, for instance, the climbing over of sweet potato ridges. It is almost certain that a sow forced to do this, at least when heavy with pigs, will have difficulty at delivery time and in most all cases pigs will come dead. Another thing to be avoided is the climbing into and out of slippery mud holes. Shallow water on good, clean, sandy ground, or, better still, in a
